

TWENTYONE

ABOUT TWENTYONE

Extra volume in front combined with ample rocker lends more control & makes it easier to come up & out of drops & boofs without losing speed.

Edged rail for tracking & speed, helps to catch the smallest of eddies. It has extra wide coaming with a roomy cockpit for large & tall paddlers, plenty of foot room. Rounded hull is forgiving and makes the landings softer. High volume bow and stern helps the boat to resurface more easily.

Pro Logic Outfitting: adjustable seat track, PE seat & hull beam for stiffness, fully adjustable ratchet backrest & thigh braces, thermo formed comfort seat pad. Large, recessed rescue grips and a steep deck that sheds water.

FEATURES

Material	PE
