

TAHE MARINE SUPERSONIC

ABOUT SUPERSONIC

Our true kids river runner comes with lightweight responsive hull and adjustable bulkhead.

The hull is flat enough in the mid section to give the shorter paddlers a chance to dig in and paddle properly. It is a good natured boat to give everyone a chance to learn as much as possible, as fast as possible.

The cockpit is ergonomically sized for juniors and has raised lines in the bow for growing feet. Raised bow for extra lift in getting over eddies. Supersonic has softer edges to encourage rolling.

Fully outfitted with thigh braces, foam pillar for support, adjustable foam footbraces and adjustable backrest.

FEATURES

Material	PE
PCS	No

Length	207 cm (7'2")
Width	58 cm (23")
Volume	140 l (31 gal)
volume	No
Capacity Approx	50 kg (110 lbs)
